

## A BRAND BUILT ON trust

Through our commitment to quality and service, RJT's Earthwise Windows and Doors have earned the Good Housekeeping Seal! The Seal is earned only after a product passes a rigorous review by the laboratories of the Good Housekeeping Research Institute.

Since 1909, the Good Housekeeping Seal has given consumers peace of mind, knowing that products displaying the Seal meet the highest standards of quality. The Earthwise Group is one of only a handful of window manufacturers to have received this prestigious honor.

### How the Good Housekeeping seal benefits you:

- Two-year money-back warranty on any product that bears the Good Housekeeping Seal
- Good Housekeeping will refund or replace the product that proves to be defective within two years of purchase
- **88%** of consumers are more likely to trust a product and its advertising if it displayed the Seal

The Good Housekeeping Seal; the foremost symbol of **quality assurance** and **safety** in America.
